### Professional Summary

Hello, I'm **Manish Yelam**, a skilled web developer with a strong specialization in **Node.js** and backend development. I excel at building efficient, scalable, and secure server-side applications, leveraging expertise in **JavaScript**, **Express.js**, and **API integration**. With hands-on experience in designing and implementing **RESTful APIs**, managing databases using **MongoDB** and **MySQL**, and deploying full-stack applications, I am committed to delivering seamless functionality and optimized performance. My goal is to contribute to innovative projects that drive impactful solutions in the IT industry.

#### ✓ Skills

##### ✓ Soft Skills:

- Communication
- Problem-Solving & Decision-Making
- Teamwork & Collaboration
- Time Management
- Attention to Detail
- Solution-Oriented Approach
- Fast Learner

##### ✓ Hard Skills:

- Programming Languages
- Web Development
- Responsive Design
- Frameworks & Libraries
- Database Management

##### ✓ Technical Skills:

- **Technologies:** HTML, CSS, JavaScript, React.js, Node.js, Express.js, Sequelize, **Joi**
- **Databases:** MongoDB, MySQL
- **Tools & Platforms:** Docker, Jenkins
- **Frameworks:** Bootstrap, Tailwind CSS
- **Operating Systems:** Windows
- **Version Control:** Git, GitHub

##### ✓ Certifications

- **MERN Stack Development**  
*Seven Mentor Institute, Pune*  
**December 2023 – August 2024**

#### ✓ Experience / Internship

##### ➤ Node.js Developer

**Other View Technologies (OPC) Pvt. Ltd. | Sep 2024 – Present**

- ✚ Developed scalable backend solutions for web applications.
- ✚ Optimized database queries and enhanced application performance.
- ✚ Collaborated with cross-functional teams to deliver project requirements.

##### ➤ Intern

**Seven Mentor Pvt. Ltd., Pune, Maharashtra | Dec 2023 – Aug 2024**

- ✚ Built and deployed web applications using the MERN stack.
- ✚ Designed and implemented RESTful APIs for seamless data interaction.

#### ✓ Projects

- ✚ **Portfolio Website:** Developed a personal portfolio website to showcase skills, projects, and experiences with responsive design for compatibility across devices.

*Technologies:* React.js, Node.js, Express.js, MongoDB, Bootstrap

- ✚ **Blood Bank Management System:** Created a web application for managing blood donation records, facilitating access to blood availability and donation requests.

*Technologies:* React.js, Node.js, Express.js, MongoDB, Bootstrap

- ✚ **Real Estate Management System:** Built a complete solution for managing property listings, user accounts, and real estate transactions.

*Technologies:* React.js, Node.js, Express.js, MongoDB

- ✚ **Medical Services Management System:** Developed a robust web application to manage medical services, ensuring seamless communication between healthcare providers.

*Technologies:* React.js, Node.js, Express.js, MySQL

- ✚ **Calendar Application:** Designed a calendar app for managing

## Education

### Master of Science (MSc) in Computer Science

*R.B.N.B. College, Shrirampur*

### Bachelor of Computer Science (BCS)

*R.B.N.B. College, Shrirampur / SPPU*

CGPA: **8.27** | **2023**

### Higher Secondary Certificate (HSC)

*R.B.N.B. College, Shrirampur / Pune*

Marks: **49.38%** | **2020**

### Secondary School Certificate (SSC)

*New English School, Chitali / Pune*

Marks: **81.40%** | **2018**

events and schedules with features for adding, editing, and deleting events.

*Technologies:* JavaScript, HTML, CSS, React.js, Node.js

**Book Bank:** Built an online platform for managing book lending and borrowing, allowing users to track available books and request loans.

*Technologies:* React.js, Node.js, Express.js, MongoDB

**Key Codes Finder:** Created a tool that detects and displays key codes when any key is pressed on the keyboard.

*Technologies:* HTML, CSS, JavaScript

*You can explore all the code and more details on [GitHub](#).*
